Annual Security Report

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The Office of Police Services prepares this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act using information maintained by the Office of Police Services, information provided by other University offices such as Student Affairs, Residence Life, and other Campus Security Authorities, and information provided by local law enforcement agencies surrounding campus. Each of these offices provides updated policy information and crime data.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased, or controlled by Penn State University. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, and alcohol and other drugs.

The University distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the University community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the Office of Police Services at 814-898-6101 or by visiting www.police.psu.edu/cleryact and clicking on "Erie, The Behrend College."

ABOUT THE DEPARTMENT OF POLICE SERVICES

Role, Authority, and Training

The Office of Police Services protects and serves the Penn State community twenty-four hours a day, 365 days a year. The department includes a Chief of Police & Safety Services, seven full-time police service officers, and one full-time property protection guard.

The police officers at Penn State Erie Campus:

- Have a bachelor's degree or equivalent;
- Complete a training course required of all municipal police officers in Pennsylvania;
- Receive many hours of in-service training each year;
- Are commissioned police officers under the Administrative Code of 1929 and the Municipal Police Officers Education and Training Commission, being authorized to carry firearms and empowered to make arrests. All criminal incidents are investigated by the Office of Police Services at Penn State Erie. All crimes that occur on campus or University property shall be reported to Office of Police Services.

Office of Police Services Mission Statement: "Protecting our community through professional service, education, diversity, and ethical accountability by promoting safety and security."

Safety, Our Number One Priority

The University takes great pride in the community at Penn State and has many advantages for students, faculty, and staff. This community is a great place to live, learn, work, and study; however, this does not mean that the campus community is immune from problems. With that in mind, Penn State has taken progressive measures to create and maintain a reasonably safety environment on campus.

Though the University is progressive with its policies, programs, and education, it is up to each of us to live with a sense of awareness and use reasonable judgment when living, working, or visiting on campus.

Working Relationship with Local, State, and Federal Law Enforcement Agencies

The Office of Police Services maintains a cooperative relationship with the Pennsylvania State Police, and surrounding police agencies. It is the college's policy to request assistance from the Pennsylvania State Police in all major felony incidents. Penn State Erie Police do not participate in formal Intermunicipal Mutual Aid agreement, but rather on Pennsylvania's Municipal Police Jurisdiction (MPJA) Act that authorizes police officers and supervisors of the participating agencies to request mutual aid for incidents based upon a reasonable belief that such aid will enhance the public's and/or officer safety and efficiency. The office also calls upon local agencies to assist with traffic, parking, and security during special events.

Crimes Involving Student Organizations at Off-Campus Locations

Penn State Erie relies on its close working relationships with local law enforcement agencies to receive information about incidents involving Penn State students and recognized student organizations, on and off campus. In coordination with local law enforcement agencies, the Office of Police Services will actively investigate certain crimes occurring on or near campus. External law enforcement agencies will formally notify the Penn State Erie Police Services of criminal activity involving students or student organizations. The University requires all recognized student organizations to abide by federal, state, and local laws, and University regulations. The University may become involved in the off-campus conduct of recognized student organizations when such conduct is determined to affect a Substantial University Interest (as defined in the University Off-Campus Misconduct Policy at <http://studentaffairs.psu.edu/conduct/policies/offcampus.shtml>).

REPORTING CRIMES AND OTHER EMERGENCIES

The University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire Penn State Erie community that you immediately report all incidents so that the Office of Police Services can investigate the situation and determine if follow-up actions are required, including issuing a Timely Warning or emergency notification.

Voluntary, Confidential Reporting

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage University community member to report crimes promptly and to participate in and support crime prevention efforts. The University community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the University or criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the University to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the Office of Police Services may not be able to assure confidentiality and will inform you in those cases.

Anyone may call the Office of Police Services at 814-898-6101 to report concerning information. Callers may remain anonymous.

Reporting to Office of Police Services

We encourage all members of the University community to report all crimes and other emergencies to Office of Police Services in a timely manner. Offices of Police and Safety Services have a dispatch center that is available by phone at 814-898-6101 twenty-four hours a day, and at 10 Erie Hall, 4651 College Drive during business hours. Although many resources are available, Office of Police Services should be notified of any crime, whether or not an investigation continues, to assure the University can assess any and all security concerns and inform the community if there is a significant threat to the University community.

Emergency Phones

The University has installed more than 55 emergency phones throughout the Penn State Erie campus. Phones are located in public areas of buildings including parking garages, elevators, residence hall complexes, administration buildings, and numerous outdoor locations. Emergency phones provide direct voice communications to the Office of Police Services and after hours to East County Communications Center. For a list of Emergency Phone locations please visit <http://psbehrend.psu.edu/student-life/student-services/police/safety-services/emergency-phone-locations>.

Anonymously

If you are interested in reporting a crime anonymously, you can telephone the Police Services Office at 814-898-6101 and speak to a police officer. It is our policy to not trace the origin of a call unless such is deemed necessary for public safety. You can also submit tips through Pennsylvania Crime Stoppers at 1-800-4-PA-TIPS or via the website (www.pacrimestoppers.org/crimestoppers).

Reporting to Other Campus Security Authorities

While the University prefers that community members promptly report all crimes and other emergencies directly to the Office of Police Services at 814-898-6101 or 911, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as "Campus Security Authorities (CSA)." The act defines these individuals as "officials of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution."

While the University has identified a number CSA's at Penn State Erie, we officially designate the following offices as places where campus community members should report crimes:

Official	Campus Address	Phone Number
Office of Police Services	4651 College Drive Erie, PA 16563	814-898-6101
Student Affairs Dr. Ken Miller Kelly Shrout Jennifer Combs	4701 College Drive Erie, PA 16563	814-898-6111
Human Resources R. Randall Geering	4701 College Drive Erie, PA 16563	814-898-7233
Office of Student Conduct Dr. Ken Miller Kelly Shrout Jennifer Combs	4701 College Drive Erie, PA 16563	814-898-6111
The Office of Residence Life, including all RAs, PAs, ADs, & RLCs	4701 College Drive Erie, PA 16563	814-898-6111

Pastoral and Professional Counselors

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Penn State to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, the University encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

TIMELY WARNING REPORTS

In an effort to provide timely notice to the campus community in the event of a Clery Act crime that may pose a serious or ongoing threat to members of the community, the Office of Police Services issues "Timely Warnings." The Office of Police Services will generally issue Timely Warnings for the following crimes: arson; aggravated assault; criminal homicide; robbery; burglary; sex assaults; and hate crimes. Office of Police Services will post these warnings through a variety of ways, including but not limited to posters, emails, and media. The University also has the ability to send text message alerts to those who register their cell phone numbers. The text messaging can be a very effective way to send important information to the campus community.

The purpose of these Timely Warnings is to notify the campus community of the incident and to provide information that may enable the community to take steps to protect themselves from similar incidents. The University will issue Timely Warnings whenever the following criteria are met: (1) a crime is committed; (2) the perpetrator has not been apprehended; and (3) there is a substantial risk to the physical safety of other members of the campus community because of this crime. Such crimes include, but are not limited to: (1) Clery Act crimes that are reported to any campus security authority or the local police; or (2) the University determines that the incident represents an ongoing threat to the campus community.

Additionally, the Office of Police Services may, in some circumstances, issue Timely Warnings when there is a pattern of crimes against persons or property. At Penn State Erie, the Chief of Police and Safety Services will generally make the determination, in consultation with other University offices, if a Timely Warning is required. For incidents involving off-campus crimes, the University may issue a Timely Warning if the crime occurred in a location used and frequented by the University population.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Emergency Management at Penn State University

The Office of Emergency Management is responsible for the Emergency Operations Plan (EOP). This plan is designed to be an all-hazards disaster response and emergency management plan that complies with FEMA guidelines for Higher Education, including planning, mitigation, response, and recovery actions.

Our priorities are:

- Life safety, infrastructure integrity, and environmental protection during an emergency
- Coordination with University departments to write, maintain, test, and exercise the EOP
- Cooperation, integration, and mutual aid with local, state, and federal planning, response, and public safety agencies and their EOPs.

A summary of the University's emergency response procedures is located at <http://www.emergencymanagement.psu.edu>. Included on this website is detailed information regarding the University's emergency notification policy, including how to enroll in the emergency notification system to ensure you receive emergency notices on University and cellular telephones.

Drills, Exercises, and Training

Annually, the University conducts an emergency management exercise to test emergency procedures. The scenarios for these exercises change from year to year, and include several departments from across the campus.

To ensure the University's emergency management plans remain current and actionable, the University will conduct an emergency management exercise, at a minimum once yearly. These exercises may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. The University conducts after-action reviews of all emergency management exercises.

In conjunction with at least one emergency management exercise each year, the University will notify the Penn State community of the exercise and remind the community of the information included in the University's publicly available information regarding emergency response procedures (<http://www.emergencymanagement.psu.edu>).

Emergency Notification

Penn State University is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate threat to the health and safety of campus community members. The Pennsylvania State University uses an emergency notification system to provide alerts via PSUTXT. PSUTXT is an emergency notification service available to students, faculty, and staff. PSUTXT can be used to send emergency messages within minutes of the occurrence of an incident. Alerts sent by PSUTXT are simulcast to the University community via Penn State's Facebook page, Twitter, or, at the subscriber's choice, his/her email account. All locations except the Pennsylvania College of Technology use PSUTXT for posting emergency alerts.

Penn State performs a University-wide annual test of the system. The following procedures outline the process the University uses when issuing emergency notifications.

Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System:

The Office of Police Services and/or other campus first responders may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to the Police or upon discovery during patrol or other assignments.

Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, first responders will notify the Office of Police Services or other authorized University office to issue an emergency notification.

The University's authorized representatives¹ including will immediately initiate all or some portions of the University's emergency notification system. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the University may elect to delay issuing an emergency notification. As soon as the condition that may compromise efforts is no longer present, the University will issue the emergency notification to the campus community.

Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification:

University and/or local first responders on the scene of a critical incident or dangerous situation will assist those preparing the emergency notification with determining what segment or segments of the University community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e., the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The University may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the University mass notification system, the University

will also post applicable messages about the dangerous condition on the University website to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of the entire campus, University officials will distribute the notification to the entire campus community.

Determining the Contents of the Emergency Notification:

The office responsible for issuing the emergency notification will, in concert with University and local first responders, determine the contents of the notification. The University has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the ongoing situation and modify it to address the specifics of the present incident. In those cases where there are no predetermined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure that individuals are aware of the situation and they know the steps to take to safeguard their personal and community safety.

Procedures Used to Notify the Campus Community:

In the event of a situation that poses an immediate threat to members of the campus community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of emergency notification to all or a segment of the campus community. These methods of communication include the mass notification system PSUTXT, the University's email system, and verbal announcement within a building and public address system on police cars. The University will post updates during a critical incident on the homepage. If the situation warrants, the University will establish a telephone call-in center to communicate with the University community during an emergency situation.

Procedures for Disseminating Emergency Information to the Larger Community (i.e., individuals and organizations outside the campus community):

If the University activates its emergency notification system in response to a situation that poses an immediate threat to members of

¹ A number of Penn State officials are authorized to activate the emergency notification system. These officials include: Senior VP for Finance and Business, VP for University Relations, Asst. VP for UP&PS, UP&PS Compliance Coordinator, Director of Emergency Management, PSU Police Chief, PSU Asst. Police Chief, PSUPD Officer in Charge, PSUPD Dispatcher, Campus Chancellors, and Campus Directors of Business Services.

the campus community, several offices at the University are responsible for notifying the larger community about the situation and steps the University has taken to address the emergency. Primarily, Public Information (a unit of University Relations) is responsible for crisis communications and for updating notices on Facebook, Twitter, and other social networking platforms and for maintaining communications with national, regional, and local news and radio outlets.

Enrolling in the University's Emergency Notification System:

We encourage members of the campus community to enroll in the PSUTXT system by visiting <http://psutxt.psu.edu>. We encourage University community members to regularly update their information at the same site.

SECURITY OF and ACCESS TO PENN STATE ERIE FACILITIES

At Penn State Erie, administrative buildings are open from 8:00 a.m. until 5:00 p.m., Monday through Friday, and academic buildings generally are open from 7:00 a.m. until 9:00 p.m., with a select few being open until midnight or twenty-four hours. Athletic facilities are generally open from 6:00 a.m. until 1:00 a.m. Monday through Friday. 10:00 a.m. until 8:00 p.m. Saturday and Sunday's from 12:00 p.m. until 1:00 a.m. Academic buildings are scheduled to be open on weekends only as needed. Access to individual classrooms and laboratories is limited to those enrolled in the courses meeting there. Likewise, access to most programs is limited to those enrolled in the program or otherwise authorized access. People have access to buildings for study, work, or teaching, but not unrelated functions. Therefore, only those who have approval are issued keys to a building.

Many cultural and athletic events held in Penn State Erie facilities are open to the public.

Special Considerations for Residence Hall Access

At the Penn State Erie campus, all residence halls operate under a computerized Access Control and Security Monitoring System. All exterior doors are locked twenty-four hours a day. Identification cards are coded so that only students who are residents in a particular hall are authorized electronic access entry to that hall; the system denies entry to all unauthorized persons. When any exterior door is left ajar, an audible alarm is activated. When a door is malfunctioning, personnel are summoned for immediate repair. Remember to lock your doors and windows. All residence hall and apartment exterior doors are equipped with locks and with crash bars to ensure a quick emergency exit.

Penn State Erie has a variety of living accommodations available, including traditional residence halls, apartment buildings, and suite residences. There are nearly 1,650 room assignments available to the undergraduate students who reside on campus. For more information about the four different styles of living accommodations and the specific security arrangements for each please visit the Housing and Residence Life website at www.psbeyond.psu.edu/student-life/housing-and-residence-life.

Each resident receives a welcome packet at the beginning of the year, which includes information on safety and security. Students have access to Policies and Rules for Students and Terms, Conditions, and Regulations of the Housing Contract, which describe various housing and security regulations/and their enforcement. Only resi-

dents and their invited guests are permitted in the living areas of the residence halls. It is the resident's responsibility to ensure that his /her guests are aware of the University and residence hall policies. Guests are not provided with room keys or door access cards. It is the responsibility of residents and staff members to challenge or report individuals who cannot be identified as residents or the guests of residents. When Office of Police Services receives a report of an unescorted person in a residence hall, a police officer is dispatched to identify that person. Residence Halls are staffed twenty-four hours a day. The Office of Police Services personnel also conduct regular checks of residence hall areas.

Security Considerations for the Maintenance of Campus Facilities

Penn State University is committed to campus safety and security. At Penn State Erie, locks, landscaping, and outdoor lighting are designed for safety and security. Sidewalks are designed to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Grounds keeping personnel trim shrubs from sidewalks, walkways, and building entrances to provide a well-lighted route to buildings. All campus walkways are inspected monthly to ensure adequate lighting. Burned-out lights are replaced promptly.

We encourage community members to promptly report any security concern, including concerns about locking mechanism, lighting, or landscaping to the Office of Police Services at 814-898-6101.

PENN STATE'S RESPONSE TO SEXUAL AND GENDER VIOLENCE

Personal Safety

Theft, disorderly conduct, and alcohol-related offenses are very common on university campuses. However, they don't stand alone. Despite law enforcement's efforts, serious crimes do occur on campuses. It is important to report any suspicious incidents to police and always remain alert and vigilant.

One of the more serious crimes that too often is unreported is sexual assault. Often, sexual assault is very difficult for victims to report for a number of very complex reasons. We provide the following information to assist those who may have been victims of sexual assault or who have a friend who has been sexually assaulted.

We provide the following information to assist those who may have been victims of sexual assault or who have a friend who has been sexually assaulted.

There are many guidelines to help you be more alert and aware of a situation to prevent such serious crimes, including:

- Know your surroundings
- Be alert
- Call for help
- Report any suspicious activity/persons immediately

Defining Rape and Sexual Assault

In Pennsylvania, RAPE is defined as when a person engages in sexual intercourse with a person by forcible compulsion or the threat of forcible compulsion that would prevent resistance by a person of reasonable resolution, or when a person is unconscious or where the person knows that the victim is unaware that the act is occurring.

In Pennsylvania, SEXUAL ASSAULT is defined as when a person engages in sexual intercourse or deviate sexual intercourse with a complainant without the victim's consent.

While these definitions are clear, victims often have difficulty reporting a sexual assault for numerous reasons, such as knowing the perpetrator, fear of retaliation, fear of parents knowing about the incident, or fear of getting in trouble with law enforcement. Despite these concerns, it is vital to report such incidents in order to get help.

The following information provides steps to follow should a sexual assault occur:

- Get to a safe place as soon as possible!
- Try to preserve all physical evidence – The victim should not bathe, shower, brush teeth, douche, use the toilet, or change clothing until s(he) has a medical exam. Contact a close friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police department. Advocates from the Women's Resource Center can be available to the victim to provide support.
- Get medical attention as soon as possible – An exam may reveal the presence of physical injury that the victim is unaware of. Following a sexual assault, antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. Emergency contraceptive pills are offered to all victims at the time of the exam (if the victim presents within 120 hours) to help prevent pregnancy from occurring as a result of the rape. If the victim reports memory loss, loss of consciousness or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used "date rape" drugs, however, are only detectable in the urine for six to eight hours after ingestion.
- Contact the police – Sexual assault is a crime, it is vital to report it. It is important to remember report a crime is not the same as prosecuting the crime. The decision to prosecute may be made at another time. Final decision to prosecute is determined by the District Attorney.
- Consider talking to a counselor – Seeing a counselor may be important in helping the victim understand his/her feelings and begin the process of recovery.

Our Commitment to Addressing Sexual Assault/Rape

The University does not tolerate sexual misconduct or abuse, such as sexual assault, rape, or any other forms of nonconsensual sexual activity. Sexual misconduct in any form violates the Student Code of Conduct, University policies (<http://guru.psu.edu/policies/ad12.html>), and may violate federal and state laws. Violations of this policy are subject to disciplinary sanctions through the Office of Student Conduct and/or those outlined in applicable University policies (please refer to Policy AD12 SEXUAL ASSAULT, RELATIONSHIP AND DOMESTIC VIOLENCE, AND STALKING). Please visit <http://psbehrend.psu.edu/student-life/student-services/health-and-wellness/health-issues-resources/sexual-assault-awareness> to review procedures, policies, and protocols for reporting and addressing allegations of student sexual misconduct.

- Penn State will pay for all basic sexual assault-related care for students who receive care at either the Health and Wellness Center, Saint Vincent Health Center or the Hamot Medical Center.
- On-campus counseling services are available to students through Counseling and Psychological Services (CAPS).
- "Trauma Drop" is a special procedure that enables victims of violence to retroactively withdraw from a semester or individual courses.

University Procedures for Responding to Reports of Sexual Assault

If you or someone you know is the victim of a sexual assault, the victim has several rights, including:

- The right to report the incident to the Office of Police Services or local authorities. The University will assist victims in notifying either the University or local police. Filing a police report does not mean the victim must pursue criminal charges. The victim maintains his or her rights throughout the process.
- In addition to the campus services listed below, several community service organizations can provide counseling, mental health, and other related services to sexual assault victims. The Office of Student Affairs can assist with connecting victims to these services. Please note that not all services are available at all campus locations
 - **Police Services** – safety support (www.psbehrend.psu.edu/student-life/student-services/police)
 - **Center for Women Students** – advocacy, referrals, and education (www.studentaffairs.psu.edu/womenscenter)
 - **Affirmative Action** – diversity education services (www.psu.edu/dept/aaoffice)
 - **University Health Services** – medical treatment (www.studentaffairs.psu.edu/health)
 - **Residence Life** – support and referrals (www.studentaffairs.psu.edu/reslife)
 - **Counseling Services** – counseling and referrals (www.studentaffairs.psu.edu/counseling)
 - **Student Conduct** – support, referrals, and resolution of complaints (www.studentaffairs.psu.edu/conduct)
 - **Employee Assistance Program** – counseling for faculty/staff (www.healthadvocate.com/psu)
 - **Community-based Victim Witness Advocate** – court accompaniment
 - **Community-based Rape Crisis/Domestic Violence Services** – shelter, support groups, counseling (listed in phone book under "abuse")
 - **Penn State Office of Human Resources** – (www.ohr.psu.edu)
 - **Pennsylvania Coalition Against Rape** – 24-hour hotline (1-800-932-4632) (www.pcar.org)
 - **Pennsylvania Coalition Against Domestic Violence** – 24-hour hotline (1-800-692-7445) (www.pcadv.org)
- If a victim of a sexual assault or relationship violence incident requests a change in her or his living arrangements or academic schedule, the Office of Student Conduct, and other offices at the University, will assist the individual with making these changes, as long as they are reasonably available.

University Disciplinary Procedures in Sexual Assault Incidents

If you have been sexually assaulted, several options are available for reporting the incident. You may wish first to discuss the problem privately with a counselor or an adviser in the Center for Women Students, the Center for Psychological Services (CAPS), or another confidential counselor. The Office of Police Services is always available to assist a victim with getting the support she/he requests.

The University's student conduct process is designed to afford a complainant (the person who is bringing a charge) and a respondent (the person who is answering a charge) a fair, prompt, and appropriate resolution process. The process is designed to help people who need support as they address these incidents.

The full text of the protocol for how the University responds to sexual assault complaints through the campus conduct process can be found at <http://studentaffairs.psu.edu/conduct>. The Affirmative Action Office is responsible for managing proceedings for those cases in which an employee is the respondent.

In determining whether the alleged conduct constitutes sexual harassment or assault, the full context in which the alleged incident occurred must be considered. In any case, both the accuser and the accused are entitled to the same opportunities to have others present during any disciplinary proceeding. Both the accuser and the accused will be informed of the outcome of any proceeding.

During any sexual assault complaint proceeding, the University has a range of sanctions available. Those sanctions may range from probation to expulsion from the University, depending upon the nature and circumstances of the specific incident.

Sexual Assault Prevention Education Programs

The Center for Women Students is primarily responsible for sexual assault education and awareness in collaboration with many offices at the University. Together, these offices offer a variety of programming focusing on sexual and gender violence. Below is a list of some of the programs available at the University.

- **Sex with Sue** – Program is hosted by Personal Counseling Office that discusses personal relationships and setting boundaries. Students discuss how to protect themselves in social situations and cues that may give conflict information. This program is done in every first-year hall once a year (open and offered to over 850 students).
- **Sex with Pam** – Program is hosted by members of the Health and Wellness Office and discusses safe sex strategies as well as what to do in the event of a sexual assault – where to go, whom to contact, what to expect. This program is done in every first-year hall once a year (open and offered to over 850 students).
- **Safe Sex Cabaret** – This event is sponsored by the student organization Trigon and opens up conversation about all sexual issues.
- **Health & Wellness Fair** – This event happens twice a year and is open to all Penn State Behrend students, faculty, and staff. Tables are hosted by various Peer Educators who discuss topics of concern for the participants. One table is always focused on the Sexual Assault and Personal Safety (Over 700 individuals participated in this event).

Sex Offender Registration — Campus Sex Crimes Prevention Act

Megan's Law

Members of the general public may request community notification flyers for information concerning sexually violent predators in a particular community by visiting the chief law enforcement officer in that community. In jurisdictions where the Pennsylvania State Police is the primary law enforcement agency, members of the general public may make such requests at the local Pennsylvania State Police Station in that community. This information is also available on the Pennsylvania State Police "Megan's Law" website (<http://www.pameganslaw.state.pa.us>).

CAMPUS SECURITY POLICIES; CRIME PREVENTION AND SAFETY AWARENESS PROGRAMS

In addition to the many programs offered by the Office of Police Services and other University offices, the University has established a number of policies and procedures related to ensuring a reasonably safe campus community. These policies include:

Behavioral Threat Management Team

In order to enhance emergency preparedness and prevention efforts, Penn State has established a Behavioral Threat Management Team (BTMT). The objective of the BTMT is to systematically identify, evaluate, and manage potentially threatening situations, including persons of concern, at the University. The multidisciplinary team is composed of people from University campuses and surrounding communities.

In addition to the BTMT at the University Park campus, each Commonwealth campus also has a team, responsible for managing concerning situations on their respective campuses. While the Commonwealth campus BTMTs may consult with the University Park team at any time, more serious and complex cases are managed in consultation with the University Park BTMT.

If you would like further information about the BTMT, please visit the Behavioral Threat Management website at <http://btmt.psu.edu>.

Weapons Policy

The possession, carrying, and use of weapons, ammunition, or explosives is prohibited on University-owned or -controlled property.

The only exception to this policy is for authorized law enforcement officers or others, specifically authorized by the University. Failure to comply with the University weapons policy will result in disciplinary action against violators.

Student Conduct

The Office of Student Conduct

The mission of the Office of Student Conduct is to promote a safe, orderly, and civil University community and to encourage and inspire students to become good citizens by engaging in personal responsibility, ethical decision making, and demonstrating respect for the rights and safety of others.

The Student Code of Conduct

The Office of Student Conduct is responsible for administering the Code of Conduct for Students, which articulates the behavioral standards and the equitable procedures employed by the University to respond to allegations of student misconduct.

The Code of Conduct for Students is administered at all Penn State campuses on University property and may also address off-campus student misconduct when a student's behavior affects a Substantial University Interest.

Students who are found responsible for violations may be subject to sanctions ranging from Disciplinary Warning or Disciplinary Probation to Suspension or Expulsion from the University. Students residing in University housing may also lose the privilege of living on campus for violating University rules and regulations or conditions of the housing contract.

In most cases, the Office of Student Conduct will also assign developmental and educational interventions designed to promote greater awareness and improved decision making for students and to further deter future misconduct.

In instances where there is reasonable cause to believe a student is an immediate threat to the safety of himself/herself or other persons or property or is an immediate threat to disrupt essential campus operations, the Office of Student Conduct may assign an Interim Suspension and/or other actions, designed to protect the health and safety of the community and members therein.

The Office of Student Conduct is also responsible for conducting pre-admission, pre-enrollment, and re-enrollment reviews for prospective students with known behavioral problems.

Any individual or entity may submit reports alleging student misconduct to the Office of Student Conduct or designee at the campus where the incident occurred.

The Office of Student Conduct also provides outreach programming designed to inform and educate students and to promote the Penn State Principles. Please visit the Student Conduct website at <http://studentaffairs.psu.edu/conduct>, where you can find the Student Code of Conduct, Parental Notification Policy, Student Records Policy, and links to all policy and procedural guidelines related to the Student Conduct process. Students are encouraged to take the "Know the Code" quiz located on the Student Conduct website.

Additional Information Regarding the Student Code of Conduct

The Pennsylvania State University is obligated to provide all students with the University regulations, policies, and procedures governing student conduct. Penn State policies and procedures, including the Code of Conduct for Students and the Off-Campus Misconduct Policy, are published on the Student Conduct website, <http://studentaffairs.psu.edu/conduct>.

If you have additional questions, special needs, or wish to request a hard copy of this information, please contact the Office of Student Conduct at Penn State Behrend.

This publication, as well as University regulations and policies and procedures governing student conduct, is available on the "Policies and Crime Statistics" channel of the Penn State Portal (<https://portal.psu.edu>).

Parental Notification Policy

The University reserves the right to report student discipline information to the parents or legal guardians of students.

Federal legislation authorizes Penn State to disclose disciplinary records concerning violations of the University's rules and regulations governing the use or possession of alcohol or controlled substances that involve students who are under the age of 21, regardless of whether the student is a dependent.

The University may also report non-alcohol or drug-related incidents to parents or legal guardians of dependent students under circumstances described in the Student Guide to General University Policy and Rules. See the following website for the University Code of Conduct and additional information concerning Parental Notification (<http://studentaffairs.psu.edu/conduct/pdf/parentalnotification.pdf>).

Missing Student Policy

The Higher Education Opportunity Act of 2008 (effective August 14, 2008) requires any institution participating in a Title IV federal student financial aid program that maintains on-campus housing facilities to establish a missing student notification policy and related procedures. The following policy and related procedures is Penn State's official Missing Student Policy.

When it is determined that a student is apparently missing from the University, staff at Penn State, in collaboration with campus and local law enforcement, will be guided by this Missing Student Policy and standing operating procedures, to locate the student.

Provisions

NOTIFICATIONS

Penn State has developed a list of titles of persons and offices to which students, employees, or others can contact if they have reason to believe a student who lives in on-campus student housing has been missing for twenty-four hours. This policy requires others who believe a Penn State student is missing to immediately notify specific staff in the University administration, Office of Police Services, and local law enforcement.

Specifically, staff in the Office of Residence Life, Assistant Vice President for Student Affairs and Student and Family Services, Office of Police Services, and the senior Student Affairs professional at a campus, should be contacted so that they can coordinate efforts to locate the student. The list of positions, offices, and contact information to be utilized if a student is reported missing from the campus is included at the end of this policy (University Contacts for Missing Students).

In addition to contacting these specific offices, anyone who has a concern that a student is missing should alert any Penn State employee who they think will aid in the investigation of a student disappearance. Beyond notifications made by campus employees to University staff, Office of Police Services, or campus security, in the absence of a campus police or campus security department, any missing student report must be referred immediately to the local law enforcement agency that has jurisdiction in the geographical areas around the specific campus location.

REGISTERING AND NOTIFYING MISSING STUDENT CONTACTS

In accordance with this policy, students will be notified annually that each residential student of the University has the option to confidentially designate an individual to be contacted by the Penn State administration no later than twenty-four hours after the time that it is determined the student is missing.

Penn State provides each student with the means and opportunity to register their confidential missing student contact information by logging into the University's eLion system and filling out the Address and Contact Information form. This missing student contact person can be anyone. This option is provided to students even if a student has already registered an individual as a general emergency contact. The student also has the option to identify the same individual for both their general emergency contact and missing student contact.

Missing student contact information is registered confidentially. This information is private and only accessible to Penn State employees who are authorized campus officials. This information will not be disclosed to others with the exception to law enforcement personnel in the furtherance of a missing student investigation.

Penn State will notify the missing student's parents or guardian in addition to the person identified as the missing student's contact person of any student who is under 18 years of age and not an emancipated individual. The University will make contact no later than twenty-four hours after the time that the student is determined to be missing.

NOTIFYING LAW ENFORCEMENT

Penn State will also notify the appropriate local law enforcement agency of the missing student unless the local law enforcement agency was the entity that made the determination that the student was missing. This notification will include any missing student who lives in on-campus housing regardless of age or status, and regardless of whether he or she has registered a confidential missing student or general emergency contact person. This notification will be made no later than twenty-four hours after the time that the student is determined missing.

If the campus law enforcement personnel or campus security department has been notified that a student is suspected missing, and makes a determination that a student who is the subject of a missing person report has been missing for more than twenty-four hours, Penn State staff will initiate emergency contact procedures as outlined in Penn State's policy and protocol.

ANNUAL DISCLOSURE OF CRIME STATISTICS

While the Penn State Erie campus is a reasonably safe environment, crimes do occur. In addition to the Clery Act crimes statistics below, other common crimes that occur on campus are outlined below.

Theft

Theft is a common occurrence on college campuses. Often, this is due to the fact that theft is often seen as a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while other leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Doors should be locked at all times. The following is a list of suggestions to help you not fall victim to theft.

- Keep doors to residence halls, labs, classrooms locked when not occupied.
- Don't provide unauthorized access to persons in the buildings or classrooms.
- Do not keep large amounts of money with you.
- Lock all valuables, money, jewelry, and checkbooks in a lock box or locked drawer.
- Keep a list of all valuable possessions including the make, models, and serial numbers.
- Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks.
- Don't leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time.
- Don't lend credit cards or identification cards to anyone.
- Report loitering persons or suspicious persons to police immediately; don't take any chances.

Identity Theft

Identity theft is a crime in which someone wrongfully obtains and uses another person's personal information in some ways that involves fraud or deception, typically for economic gain. This personal data could be a Social Security number, bank account, and credit card information.

Persons involved in identity theft often use computers or other forms of media to assist them.

You can take measures you can take to prevent this from happening to you:

- Do not give anyone your personal information unless there is a legitimate reason to trust them.
- Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.
- Complete a credit check frequently to assure there is no suspicious activity.
- Examine financial information often to assure all transactions are authorized and accounted for.
- Use security software and install firewalls on computers.

Clery Act Crimes

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses. The Office of Police Services maintains a close relationship with all police departments where Penn State owns or controls property to ensure that crimes reported directly to these police departments that involve the University are brought to the attention of the Office of Police Services.

The Office of Police Services collects the crime statistics disclosed in the charts through a number of methods. Police dispatchers and officers enter all reports of crime incidents made directly to the department through an integrated records management system. After an officer enters the report in the system, a department administrator reviews the report to ensure it is appropriately classified in the correct crime category. The department periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only). In addition to the crime data that the Office of Police Services maintains, the following statistics also include crimes that are reported to various campus security authorities, as defined in this report. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the subcategories on liquor laws, drug laws, and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub-categories on liquor laws, drug laws, and weapons offenses represented the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented. (2) Policies on housing assignments and requests by students for assignment changes

Assignment Policies:

Students are able to request a roommate when they accept their contract; every effort is made to honor mutual roommate requests. However, a student may state that their preferred room type or location is more important than their preferred roommate; if the preferred room type or location will not accommodate their roommate, they are then assigned to the preferred room without their requested roommate.

Opportunities to Change Room Assignments

A direct room exchange is a change of assignment with another student of the same gender and may be processed for most types of accommodations. Direct room exchanges must be completed online through www.eLiving.psu.edu. A direct room exchange cannot be processed for students assigned to a medically equipped room due to a medical need, such as air conditioning, unless the change is to a similarly equipped room. A direct room exchange cannot be processed if the student is assigned to a Special Living Option through a Special Living Option Contract, sorority housing, or certain other special housing. Direct room exchanges can be processed only through the 15th week of the semester.

An open room change is a change of assignment to a vacant space. A student interested in changing their room assignment for spring semester may do so during the posted time periods beginning in November and continuing through early December. During the posted time periods, students will be informed where to view the list of rooms being vacated for spring semester. Interested students must follow the process outlined for requesting a room change. The Housing and Food Services office will process the change and notify

the student when the request is complete. After the second week of spring semester, depending on room availability, a list of vacancies is posted at the Housing and Food Services office. Room changes are processed on a first-come, first-served basis to an available space in accordance with the policy/instructions provided with the posting. After the open room change period ends and supplemental rooms have been emptied, Housing and Food Services will consolidate vacancies. Upon notification, if a student has a vacancy in their room, they may choose from the following options:

1. Space permitting, retain the room for the rest of the semester on a reduced-capacity basis for an additional charge. All students assigned to supplemental living accommodations must be reassigned to permanent living accommodations before such requests will be honored; or
2. Process a room change to a vacancy in a similar room (same capacity) with another student of the student's choice; or
3. Have their room placed on a list of rooms available for new students or current students whose circumstances warrant a room assignment change to select for assignment. Once a roommate is assigned, the student will not have the option to pay the additional fee and maintain the room in a reduced-capacity manner.

Emergency Room Changes

An emergency room change will be arranged only when all other options to resolve differences between roommates have been thoroughly explored. If a student feels that an emergency room change is needed, the student must discuss the issue with a Residence Life staff member. If the staff member determines that an emergency exists and space is available, they will contact the Housing and Food Services office to process a change in assignment.

(3) Policies concerning the identification and admission of visitors in student housing facilities

GUESTS

The residence halls are intended for use by residents of the building and their invited guests. A guest is defined as a person visiting a resident of the residence hall at the resident's invitation. Delivery persons are not considered to be guests for purposes of this policy.

To ease the congestion of the move-in period and to allow roommates the opportunity to discuss what to do about overnight guests in the room, no overnight guests will be allowed in the residence halls until the first day of classes, and then only with the permission of the roommate.

The following stipulations relate to all guests:

1. The host student is responsible for ensuring that their guests are aware of University and residence hall policies. Guests are held responsible for their own actions and for knowledge of University and residence hall regulations. However, hosts may be held accountable for damages done by their guests, unless the guest can be identified as a University student. Hosts may also be held accountable for their guests' behavior.
2. Residents may have guests in their rooms only if there is no objection from their roommate(s).
3. Neither room keys nor door access cards will be provided for guests. Residents are not to give their keys or Penn State id+ Card to a guest for them to gain entrance to the room or the building.
4. Students may have an overnight guest in their room for a maximum of three consecutive nights. The University reserves the right to revoke this privilege. Guests may not move from one host's room to another to extend their stay in the residence halls.
5. Only residents and their invited guests are permitted in the living areas of the building other than the lobby. These areas include individual rooms and floor lounges. Individuals found in the building who are not residents or guests of residents are considered trespassing.
6. Guests are to use the appropriate gender restroom/shower facilities.
7. All guests must be escorted by a resident of the building at all times. A staff member may confront an individual if he/she is not recognized as a resident of that building and/or if a resident of the building is not escorting the individual.

Students charged with violations of the guest regulation will be subject to University disciplinary action. An unescorted guest who is a University student will be subject to University discipline.

Students who need a cot and/or linens should make arrangements at the Housing and Food Services office. Charges for these services should be paid in advance; the deadline for reservations is 3:00 p.m., Monday through Friday.

Escort Policy – All residence halls operate under 24-hour card access.

1. Only residents and their guests are permitted in the living areas of the building, i.e., locations other than the lobby and that include individual rooms and floor lounges.
2. Guests are to use the appropriate restroom/shower facilities, i.e., male and female.
3. All guests (both male and female) must be escorted by a resident of the building at all times.

(4) Measures to secure entrances to student housing facilities

Every residence hall is equipped with an electronic, computerized card access and CCTV system that permits access to the hall by residents of the building only. The system is operational 24 hours a day, seven days a week. Adjustments to access hours may be made during the fall arrival period and spring semester closing.

Students may enter only their assigned building by swiping their id+ cards in the card reader, located at the front lobby, and—in some halls—at other doors. If the id+ card fails to unlock the door of the student's assigned residence hall, the student may gain entry with the assistance of a roommate, the staff member on duty, or in an extreme emergency, by contacting University Police. If a student has pizza or other food items delivered, the student must be in the lobby to meet the vendor at the front door. The delivery person will not be given access to the lobby. Students who want to visit a resident who lives in another building will need to announce their planned arrival using the telephone provided in the area or the commons building. The resident host must come to the entrance and escort the visiting student to the room, and later out of the residence hall.

If students or guests leave the hall through any of the regular building exits, they should be aware that exit doors are not to be held open for prolonged periods of time. An alarm at the door will sound and someone will be dispatched to determine if the door has been blocked open. Residents are not permitted to allow access to the buildings to anyone other than themselves and their invited guests.

Student Involvement

Our greatest ally in providing a safe and secure residence hall environment is our students. So it is important that each student takes the initiative to assist the residence life staff in creating a safe and secure hall for all the residents. Please keep the following tips in mind:

- Do not allow strangers to enter the residence hall with you. (No “piggybacking”)
- Notify the staff member on duty if someone has insisted upon entering the hall with you. Observe the offender to get a good physical description and note the direction he or she is walking.
- Keep your room locked at all times—even when you’re sleeping, and especially when you’re gone.
- Report a malfunctioning card access reader or door immediately.
- Meet your guests/visitors at the lobby door.
- Never lend your id + card or room key to others.
- Immediately report a lost or stolen id + card.
- Report suspicious activity immediately.

(5) Standard security features used to secure doors and windows in students’ rooms

At campuses where card access is installed on room doors, students are required to swipe the Penn State id+ Card and enter their personal four-digit pin code. This technology is currently available at Penn State Beaver, Penn State Greater Allegheny, Penn State Mont Alto, and at all first-year student residence areas at Penn State Harrisburg.

At all other locations, including Penn State Altoona, Penn State Berks, Penn State Behrend, Penn State Harrisburg upperclass student residence areas, and Penn State Hazleton, room keys are issued to individual students. Each key has a unique key code and a “Do Not Duplicate” imprint.

Residence hall windows, including those in student rooms, are mechanically fixed to open only a narrow distance and are lockable from the inside. Screens are installed at all windows.

Housing Training

Housekeepers, Maintenance personnel, and Housing Managers attend *Five OUTs: Surviving an Active Shooter*, facilitated by Penn State University Police Services and offered yearly; Mandated Reporter Training annually to new employees with refreshers as needed; and Fire Safety training annually.

Housing Managers receive initial training on using the card access and CCTV systems and refreshers as needed.

Residence Life Training

Our professional staff gets a variety of security training, which includes:

- On-duty protocol training (annually)
- Clery training (annually)
- Mandated reporter training for child abuse (annually)
- Risk management training (annually)
- Community standards/disciplinary protocol training (annually)
- Fire safety training (annually)
- Active shooter training (annually)
- Crisis response/emergency training (ongoing)

They also receive written manuals for their positions, emergency response, community standards protocols, and risk management guidelines.

Our para-professional staff receives training at least twice a year, which includes:

- Duty protocols
- Crisis response
- Safety/security protocols
- Emergency response training

Clery reporter training is held at least once a year. All para-professional staff also receives an RA protocol manual, participate in a semester long pre-service class that also includes information on protocols, fire safety training (annually), and active shooter training.

(7) The type and frequency of programs designed to inform student housing residents about housing security and enforcement procedures

Student Training:

- House meetings (fall/spring opening, and ongoing as needed)
- Stall stories articles on student safety (at least once a semester) in writing in their Terms and Conditions
- Bulletin boards (typically at least once a year)
- Monthly fire drills
- Usually at least one safety program/RA/semester including:
 - programs on piggy-backing
 - escort policy
 - fire safety
 - other personal safety
 - locking doors, etc.

(8) Policy and any special security procedures for housing students during low-occupancy periods such as holidays and vacation periods

Students may not stay during breaks without prior approval from Housing and Residence Life.

Residence Life staff must be on duty over the break periods if students are in residence. This includes being in a radius 10 minutes from campus and carrying the duty phone. Depending on the number of students a para-professional student staff member must be hired during this time.

Currently, many campuses either eliminate police shifts during campus break closures or significantly limit the hours. In these cases, campuses rely on local or state police to ensure campus safety. If students were to be remaining on campus, full-time campus police shifts should continue with regular campus rounds to ensure student safety.

For security purposes and ease of management, it is preferable where possible to cluster students together or at least in the same building during these periods. This may mean that students will be assigned to “temporary” space during breaks, if such space exists and is vacant.

(9) Policy on the housing of guests and others not assigned to the student housing or not regularly associated with the institution of higher education

Guest apartments in residence halls are available for use by campus guests, which may include any of the following: speaker series guests; campus clubs and organizations guests; Housing and Food Services administration guests; CEO/Dean/Provost’s guests; and student’s parents (during an on-campus emergency situation). The guest apartment is not to be used for students or for handling student emergency situations. Questionable guests must be pre-approved by the Housing and Food Services administrative office.

Guests may stay in the apartment for a maximum of a two-week stay, unless the Housing and Food Services administrative office authorizes a longer stay.

Annual Fire Safety Report

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for the Penn State Erie campus of The Pennsylvania State University.

Definitions

The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act.

On-Campus Student Housing – A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.

Fire – Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire Safety

Penn State takes fire safety very seriously and continues to enhance its programs to the University community through education, engineering, and enforcement. Educational programs are presented throughout the year to faculty, staff, and students so they are aware of the rules and safe practices. These programs, which are available at all campuses include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies, and hands-on use of fire extinguishers.

All University residence halls have emergency evacuation plans and conduct fire drills during the school year to allow occupants to become familiar with and practice their evacuation skills.

Penn State has been a leader in ensuring the safety of students, faculty, staff, and visitors who live and work in University-operated residences. Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a

halls and apartments are provided with automatic sprinkler systems, smoke detectors, and building fire alarm systems to provide early detection and warning of a possible fire emergency. Additionally, Food Service staff members at Penn State Erie are trained annually on hands-on use of fire extinguishers and emergency procedures in the event of a fire.

The University maintains and tests all fire alarms and automatic fire suppression systems in accordance with the appropriate National Fire Protection Association Standard to ensure system readiness and proper operation in the event of a fire emergency.

The University has adopted and developed numerous Safety Policies and Guidelines to help promote a safe living and work environment at all University locations. These policies, guidelines, and other fire safety information can be accessed at <http://www.ehs.psu.edu>.

Officers provide assistance in building evacuation and extinguishment and confinement of small fires.

Residence Hall Fire Drills

Fire drills are conducted in all on-campus Housing and Food Services-operated residence halls during the school year to allow residents to become familiar with building alarm systems and practice their evacuation skills. The drills are coordinated and conducted by the Resident Coordinators, Resident Assistants, Community Assistants, Housing Management, and the Office of Police Services. All people inside the residence hall during the drill are required to evacuate the building.

Prohibitions on Portable Electrical Appliances, Smoking, and Open Flames

All on-campus housing facilities prohibit the following activities and items.

1. Smoking is not permitted in any building.
2. The presence or use of candles, incense burners, oil lamps, and other open-flame device is not permitted in on-campus housing facilities.
3. The presence or use of torchiere halogen floor lamps is not permitted in any building.
4. Individuals shall not obstruct or tamper with fire safety equipment (e.g., sprinklers, fire alarms, fire extinguishers).
5. The possession or use of fireworks is not permitted.
6. Occupant-provided refrigerators and microwaves are not permitted in on-campus housing facilities.

Additional information about residence hall living and policies is available at: www.hfs.psu.edu/Behrend/housing-contracts/terms-and-conditions.cfm

Evacuation Procedures

Penn State Housing and Residence Life provide residents with fire evacuation procedures and conduct fire drills during each semester. Residents are informed of the following procedures.

If you discover a fire in the residence hall:

1. Immediately activate the nearest manual fire alarm pull station. The fire alarm system will alert people to evacuate the building.
2. Call 911 from a safe location to report the fire and to give as much information as possible.

Evacuation from the building:

1. Upon activation of the fire alarm system, everyone shall immediately leave the building.
2. Feel the door. If it is hot, do not open it.
3. If the door is cool, crouch low and open the door slowly. Close the door quickly if smoke is present.
4. If the hallway is smoke-free or there is a light smoke condition, proceed to the nearest exit. If a light smoke condition is present stay below the smoke (crouch or crawl).
5. Leave the building and meet at your designated evacuation meeting site.
6. Never use elevators during a fire evacuation.

If you are trapped in your room:

1. Place material (e.g., clothing, rug) at base of door to prevent smoke from entering the room.
2. Open your window, wave a piece of material and yell to attract the attention of people outside.
3. Call 911 and report your location.
4. Stay low; breathe fresh air near the windows.
5. Await rescue.

Fire Safety Education and Training Programs for Students, Faculty, and Staff

University Police Services, in coordination with Residence Life and Housing and Food Services, provide annual training to Resident Assistants (RA), Community Assistants, and Residence Life Coordinators.

Topics addressed during this training include:

- Fire prevention in the residence hall
- What to do in the event of a fire
- Evacuation planning
- How to report a fire or other emergency
- How residence hall fire safety systems operate

Resident Assistants and Community Assistants coordinate additional fire safety training and education programs for residence hall students.

Other general safety and fire safety information is available to students, faculty, and staff on the Environmental Health and Safety website: www.ehs.psu.edu.
